Re: SPLENDOR IN THE GRASS audit

Dear Norman:

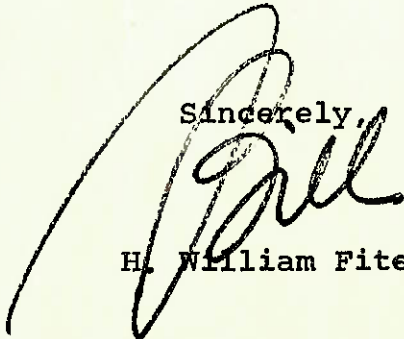

I am replying to your letter of March 8th addressed to Harold Sherman, as he is away on a holiday and will not be returning for a week or two.

After the proposed letter was revised, I discussed it with Kalmenson, who told me that he would like to have a meeting with me and Mr. Martin with a view towards settling the matter. I intend to have this meeting as soon as Mr. Kalmenson returns from California.

If the meeting is successful, we can save our clients a great deal of time and expense. In the meantime, enclosed is a copy of the proposed letter. It was my understanding that this had been revised in accordance with your suggestions and had your approval. If I am wrong, will you please advise me?

With kind personal regards,

Sincerely,

H. William Fitelson
